

Behind-the-Ear (BTE)

Hearing Aid Compatible* Headset

EPIC 3.5mm plug

multimedia

**No compromise for music lovers!
Behind-the-ear hearing-aid
compatible with neurologically
'stereophonic effects'.**

- Engineered to deliver unsurpassed clarity with electronic audio devices.
- Compatible with your Walkman™s, televisions, CD/MP3 players, computers, stereo receiver, and many other audio devices.
- Customers agree - using the Epic is music to the ears.
- Use with compatible receivers at theatres, cinemas, and on tours.
- Unlike silhouettes, the HATIS® earpiece has a solid cable connection, which means no more loose connections and greater sound quality.
- Listen to your favorite music or TV show.
- Eliminates buzzing, distortion, and feedback.
- Gold leads for clean, pure sound transmission.
- Feather-light, dual headset.
- Patented induction coupler.
- No batteries required.
