

Set 830 TV Listening System

The Set 830 Infra-red Stereo TV Listening System.

The Set 830 enables listening anywhere in the room without the need for cables and without disturbing others. Directly connectable to a TV, hi-fi system or radio, the Set 830 guarantees outstanding sound quality, which, thanks to treble emphasis, can be customised to the listener's hearing.

The receiver is extremely lightweight offering maximum comfort when worn.

FEATURES

- Easy to set up and use.
- Cordless mobility up to 12 m within the room.
- Three selectable hearing settings on the transmitter, optimising speech intelligibility by switchable compression and treble emphasis.
- Treble emphasis can be individually set.
- Large, ergonomic volume control on the receiver.
- Balance control for setting left/right volume on the receiver.
- Receiver turns on/off automatically.
- Perfect fit, rotatable ear cushions and the light weight of the receiver guarantee maximum comfort even when worn for extended periods.
- Lithium polymer battery for up to 12 hours continuous play.
- Integrated charging compartment in transmitter for spare battery.
