

# Set 830 S TV Listening System

*The Set 830 S Infra-red Stereo TV Listening System.*

The Set 830 S is **ideal for wearers of hearing aids with a T switch.** Directly connectable to a TV, hi-fi system or radio, the cordless Set 830 S guarantees outstanding sound quality, which, thanks to treble emphasis, can be customised to the listener's hearing.

Sound is transmitted from the receiver to the hearing aid by means of the induction loop.

## FEATURES

- Easy to set up and operate.
- Cordless mobility up to 12 m within the room.
- Three selectable hearing settings on the transmitter, optimising speech intelligibility by switchable compression and treble emphasis.
- Treble emphasis can be individually set.
- Large, ergonomic volume control on the receiver.
- Balance control for setting left/right volume on the receiver.
- Lithium polymer battery for up to 12 hours continuous play.
- Integrated charging compartment in transmitter for spare battery.
