

Set 840 TV Listening System

The Set 840 RF Stereo TV Listening System.

The Set 840 is ideally suited for wireless listening in your house or in your yard. Whether you are watching a TV program or listening to classical music, Set 840 is sure to provide excellent sound. The push of a button sets the device to your personal listening preferences, providing you with the enjoyment of speech that is easier to understand.

The lightweight receiver is comfortable to wear because of its flexible earpads. It can be connected directly to your TV, hi-fi system or radio.

FEATURES

- Easy to set up and operate.
- Wireless mobility in a range greater than 30 m.
- Transmits even through walls.
- Excellent individual stereo sound.
- Three selectable hearing settings on the transmitter, optimising speech intelligibility by switchable compression and treble emphasis.
- Treble emphasis can be individually set.
- Large, ergonomic volume control on the receiver.
- Balance control on the receiver for setting the volume for the right and left ear.
- Receiver automatically turns on/off.
- Flexible earpads and low receiver weight guarantee a high degree of comfort while wearing.
- Three selectable transmission channels on the transmitter for optimum reception.
- Auto tuning - automatic channel search tuning can be activated on the receiver.
